# BAYWATCH™

Ok, you two. We've had some reports of some gang activity over in Anchor's Cove.

Ripping off tourists?

No...kicking them off the beach. They're claiming that the Cove's THEIR territory. Nobody else allowed.

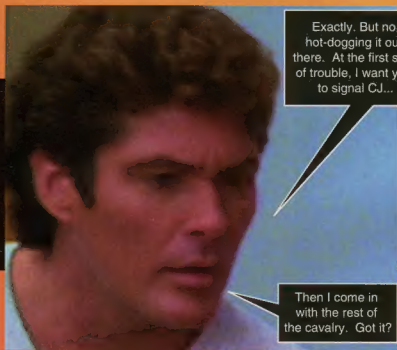

CJ, I want you to take the Scarab. Drop Matt off, and stay out of sight.

Then I surf into the cove as bait, right, Mitch?

Exactly. But no hot-dogging it out there. At the first sign of trouble, I want you to signal CJ...

Then I come in with the rest of the cavalry. Got it?

We're out of here in ten minutes, Hotshot.

Yes, Sir!

Twenty minutes later.

You haven't made your decision yet, have you, CJ?

What do you mean?

The modelling thing--  
are you going to do it?

I don't know.

Part of me thinks  
it would be really great--  
the travel, the glamour...

But I'm not  
sure I'm ready  
to change my life  
that much.

I'm sure you'll make  
the right decision when  
the time comes.

A short time later.

Remember what  
Mitch said. Don't try to  
be a hero out there.

Trust me, if  
anything happens,  
you'll be the first  
to hear about it!

I think we're close  
enough. I can surf into  
the cove from here.

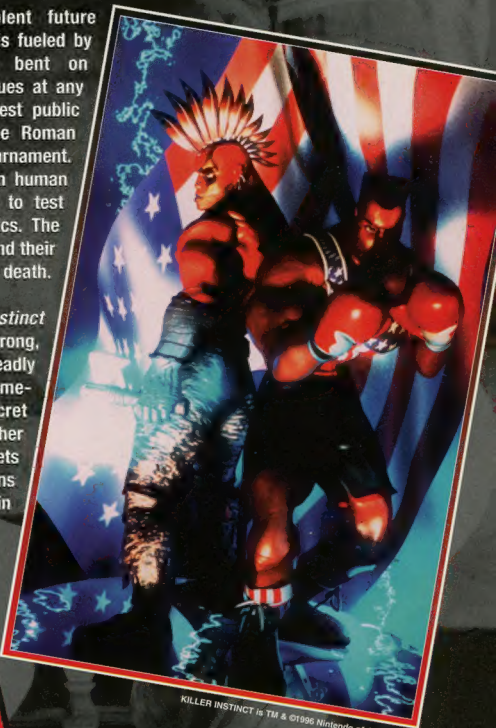

# KILLER INSTINCT™

Welcome to a dark and violent future divided by a civil war. The war is fueled by Ultratech, a megacorporation bent on increasing their broadcast revenues at any cost. Their solution: the bloodiest public spectacle since the time of the Roman gladiators - the Killer Instinct Tournament. While the public frenzy is fed on human pain, Ultratech gets a chance to test new genetically enhanced robotics. The combatants battle for riches beyond their dreams...and the price of failure is death.

The first issue of *Killer Instinct* separates the weak from the strong, as combatants square off in deadly combat. For the first time game-players will know the secret lives of Jago, Orchid and the other fighters, and they'll learn the secrets behind Ultratech's diabolical plans to control the world! Shipping in February.

# SLIDERS™

## SLIDERS #2

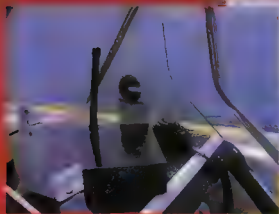

*By D.G. Chichester, Dick Giordano, Mike DeCarlo*  
In the second part of this opening miniseries, the Sliders crew have their hands full with their new arch-enemies, the Draconian Sliders. When these blood-thirsty dictators slide, they conquer world after world with their highly advanced war machines. If Quinn, Prof. Mallory, Sabrina and Rembrandt can't disable the doomsday technology and escape the Draconian homeworld, all the parallel dimensions of Earth are in jeopardy.

As of this writing, the Sliders TV show has been scheduled to return as a mid-season replacement on Fox, starting sometime in early '96. Stay updated and in tune on Slider's continuity as the miniseries picks up where the TV show leaves off. Don't get left out of the excitement and miss this landmark miniseries, like other similar comic adaptations that have hit the market this past season. Reserve your copy now with your local comics supplier.

Agri--

--you're  
really--  
NIGHT--  
starting to--

--tick me off!

You there--  
on the beach!

Stop what  
you're doing,  
and put your  
hands up!

While on the road above.

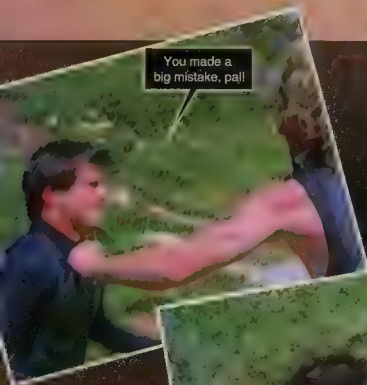

Dan--Come  
on, man!

RUN!

You made a  
big mistake, pal!

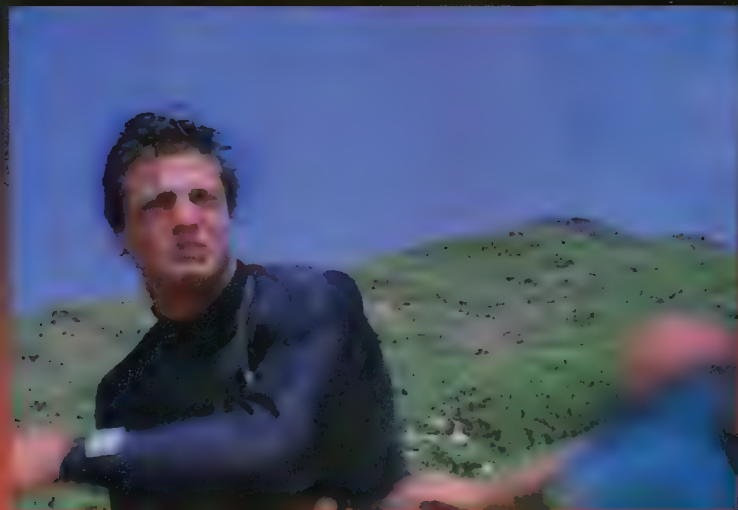

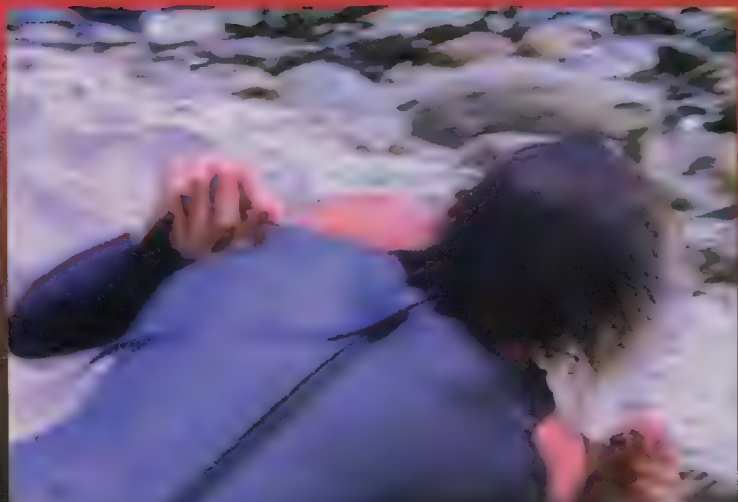

A REALLY  
big mistake!

KRIANK

You picked on  
somebody who  
was willing to  
fight back!

You're like  
every bully  
I ever met--

--you can  
dish it  
out, but--

--you can't  
take it!

Hey, Matt!

You were  
supposed to  
just check out  
the situation,  
not take on the  
gang by yourself.

Hi, Lt. Ellerbee.

I've got  
something  
for you.

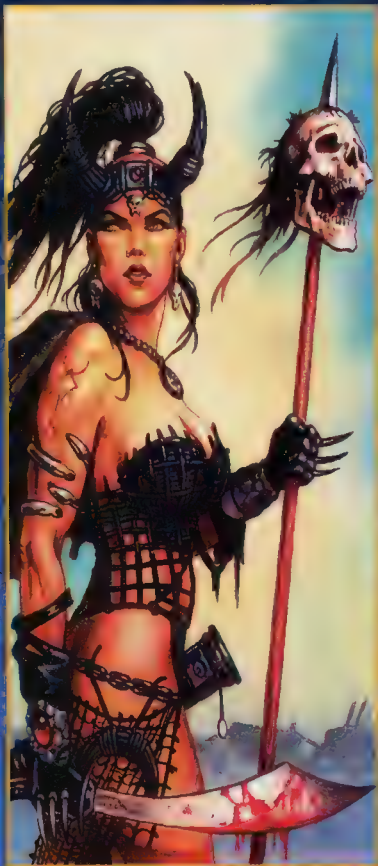

Well, it wasn't  
exactly my  
choice.

Pretty boy  
here wrapped  
a cord around my  
throat and tried to  
strangle me!

That's a LIE!

It's YOUR word  
against MINE!

Maybe.

But I've got the  
marks on my neck  
to show where  
the cord was.

And about a dozen  
witnesses who'll testify that  
your gang tried to scare  
them away from here.

With all that...  
I don't think you'll  
be seeing "your" beach  
for a long time!

Later that afternoon.

Hey, there.  
Feeling better?

Much,  
thank you.

Do you follow up  
like this with all of the  
people you rescue?

Actually...

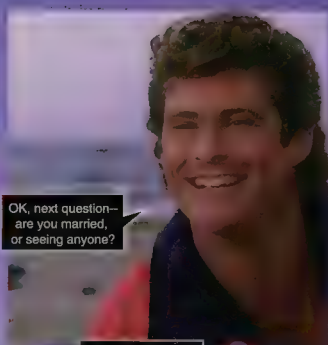

I'm conducting  
a bit of a survey.

Do you mind  
answering a few  
questions?

No, go ahead.

Great. Let's see here...  
What's your name?

Great. Ok, the last question.

Would you do me the honor of dining with me this evening?

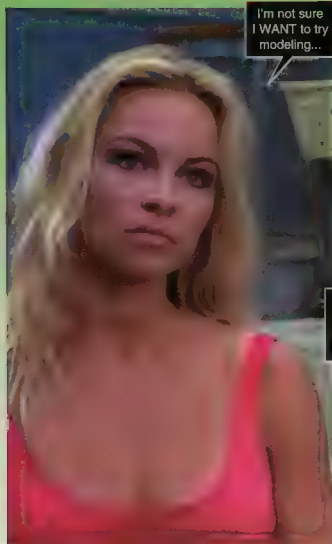

I know a great little place where you'll swear you're eating a home-cooked meal.

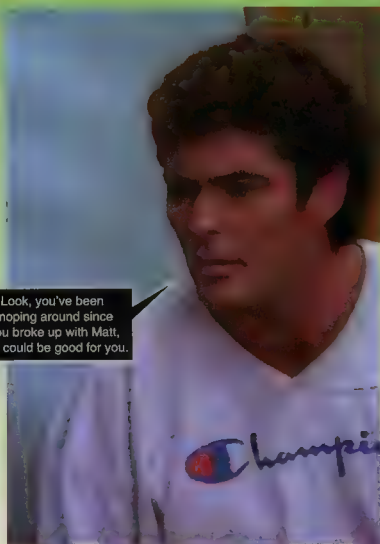

Later that afternoon,  
at Baywatch Headquarters

That's the fifth  
time you've pulled  
out that photographer's  
business card. C.J.

Why don't you  
just call the guy?

I'm not sure  
I WANT to try  
modeling...

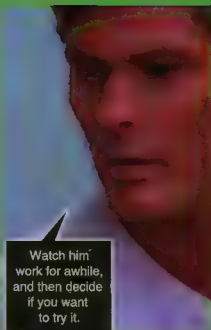

Look, you've been  
moping around since  
you broke up with Matt,  
this could be good for you.

That's no reason to jump into something like this.

Fine. So, at least go meet the guy.

Watch him work for awhile, and then decide if you want to try it.

Twenty minutes later.

OK, break's over, ladies.

Diane—hold that pose.

Wonderful. That's perfect!

Cheryl—lean back.  
Close your eyes  
a little more. There.

Good. That's it,  
Lynn. Now play  
with your hair a bit.

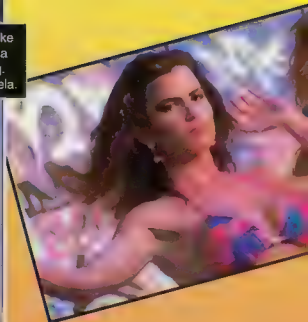

A little  
more teeth.

Big smiles—you're  
at the beach, the  
weather's great...  
GOT IT.

OK, now, I'd like  
to do kind of a  
runway thing.  
You first, Angela.

Great.  
Now turn...

All right. I think we  
got some terrific  
shots today.

Those of you who are  
on tomorrow's shoot,  
pick up your call times  
from Anton. Thanks.

Of course not!  
I was hoping you  
could make it.

Hi, Bill.  
Hope I didn't  
come at a bad time.

# THE BAD EGGS™

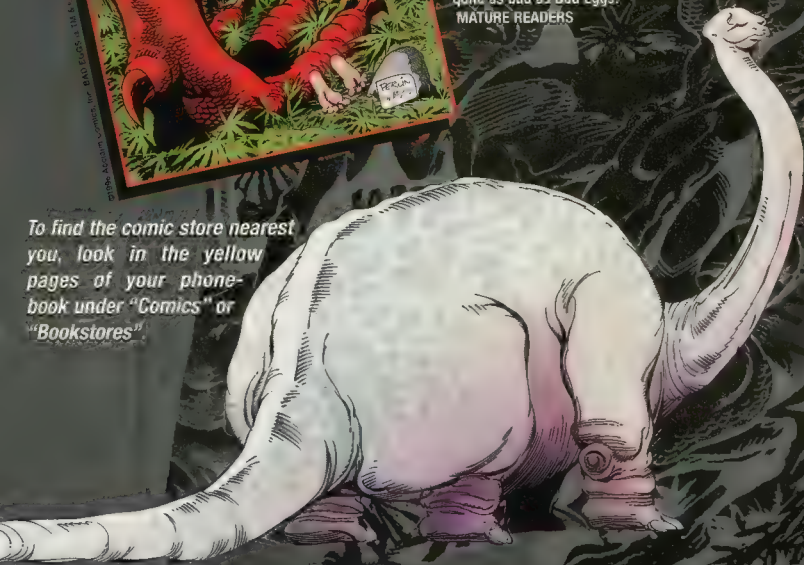

### BAD EGGS #1

By Bob Layton, Don Perlin, and Gonzalo Mayo

Out of the pages of history and into one extremely sick comic book! Prepare to meet Bipt and Claude, the Dinosaur Bad Boys of the Jurassic, as they thump their noses at T. Rex, Brontosaurus, Pterodons... basically anything bigger than they are. They're rude, crude, and have vile personal habits. You've never met anything quite as bad as Bad Eggs!

I watched you  
with those other girls.  
You're very good.

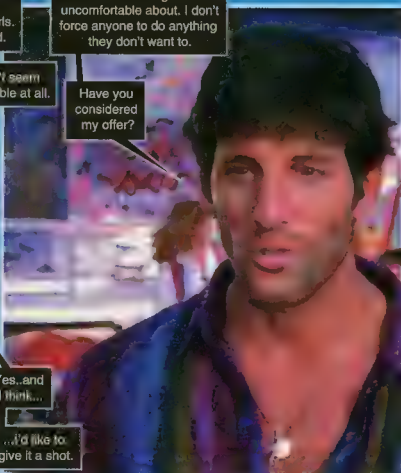

They didn't seem  
uncomfortable at all.

There's nothing to be  
uncomfortable about. I don't  
force anyone to do anything  
they don't want to.

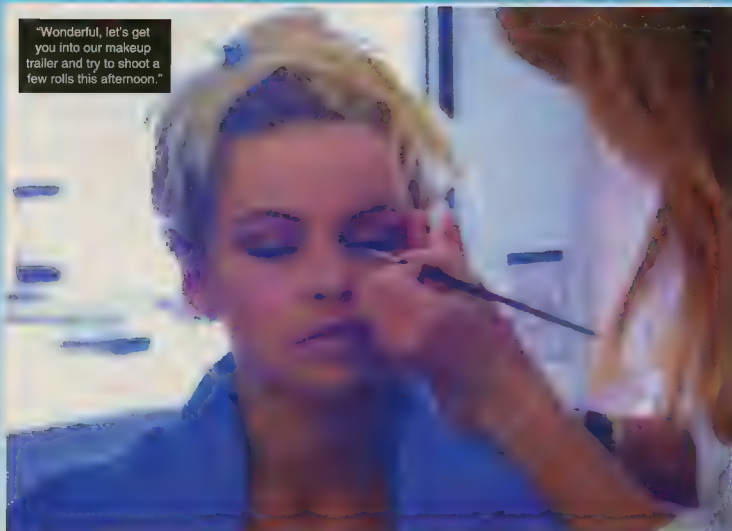

Have you  
considered  
my offer?

Yes...and  
I think...

...I'd like to.  
give it a shot.

"Wonderful, let's get  
you into our makeup  
trailer and try to shoot a  
few rolls this afternoon."

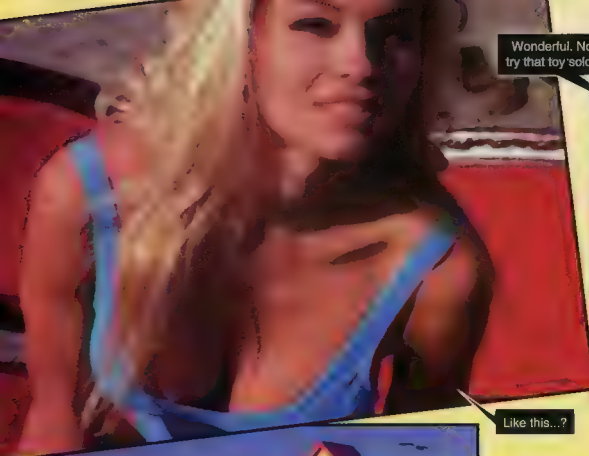

That's beautiful.  
Just relax.

Good. Let your  
shoulders go. Think  
of this as practice.

Great. Now...

...trying lying  
on the couch.

Good. Wet your  
lips and part them  
just a little.

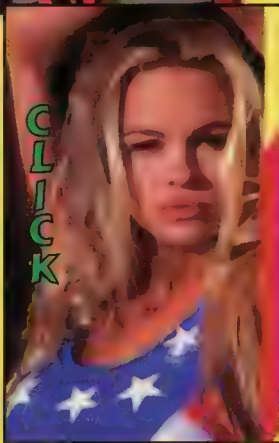

Wonderful. Now let's try that toy soldier thing.

This is the  
last shot—hold still.

I can't take the credit for that, C.J. I just took the pictures.

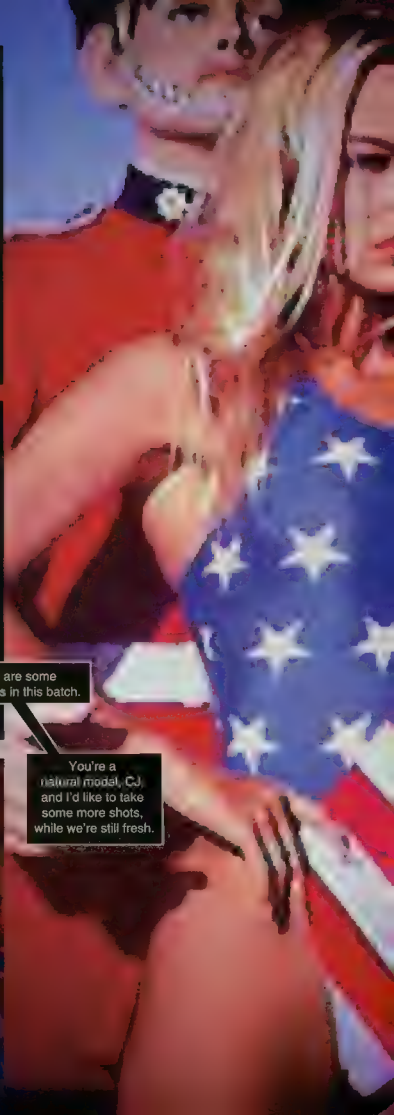

I can't believe it!

You made me look beautiful!

Today--right now?

There are some great ones in this batch.

You're a natural model, C.J., and I'd like to take some more shots, while we're still fresh.

I saw something  
on that beach today.  
And again, just now  
looking at the slides.

You have what  
it takes to be the best.

I don't  
know...

I do. Work  
with me. Let me  
draw you out.

Let your inhibitions  
go when you're in front  
of the camera. I want  
you to feel free.

Ready?

Look at me.  
That's good...  
But, I want more...

...emotion.  
Sexier...

I've got  
an idea.

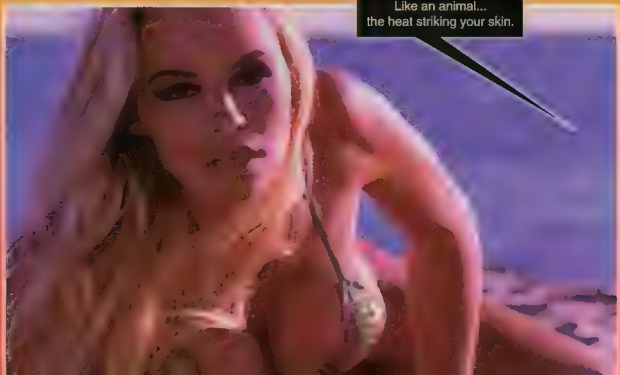

The sea is calm.  
And I'm alone on  
the beach. Deserted.

Then I see you...  
moving toward me.

...crawling in  
the sand...

Like an animal...  
the heat striking your skin.

And suddenly...  
it's real.

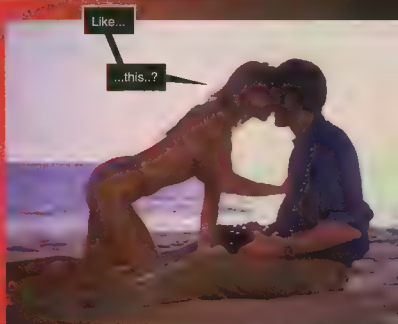

Keep coming.  
Closer.

Closer...closer--  
reach out to me.

These are  
the best  
yet, C.J.

Like...

...this..?

Two hours later.

Hey, CJ? How'd it go? Did you meet with the photographer?

I met with him all right.

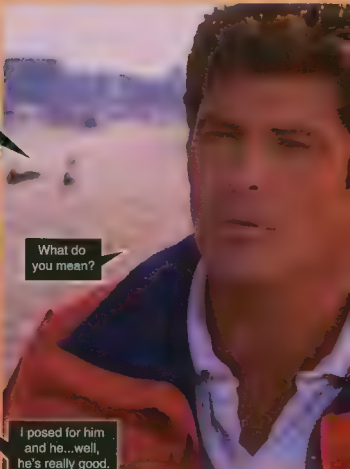

What's wrong?

He didn't try to seduce you or anything, did he?

More like the other way around.

What do you mean?

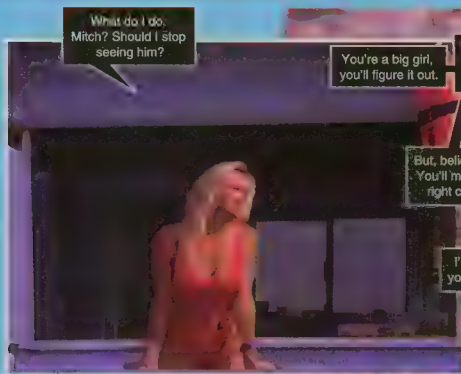

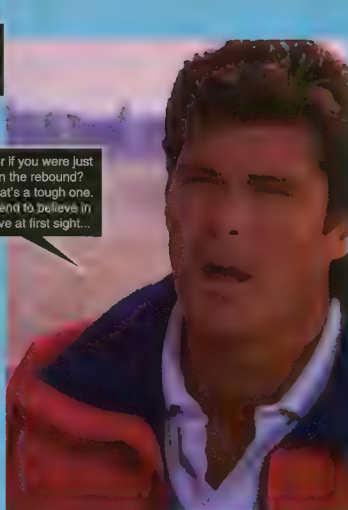

I posed for him and he...well, he's really good.

The next thing  
I knew, I was  
kissing him.

I don't know  
if I just got  
caught up in  
the glamour

...or if you were just  
on the rebound?  
That's a tough one.  
I tend to believe in  
love at first sight...

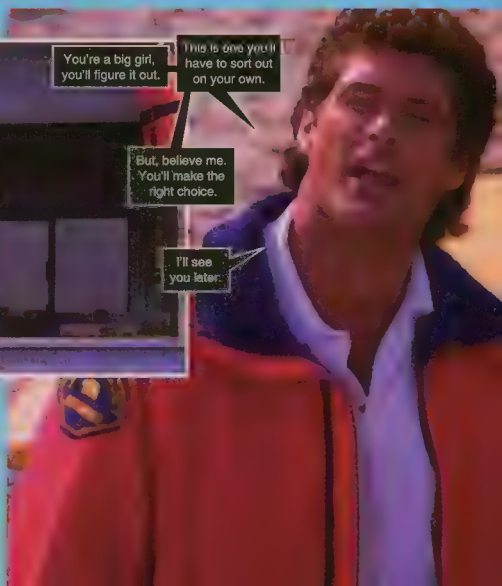

What do I do,  
Mitch? Should I stop  
seeing him?

You're a big girl,  
you'll figure it out.

This is one you'll  
have to sort out  
on your own.

But, believe me.  
You'll make the  
right choice.

I'll see  
you later.

# X-O MANOWAR™

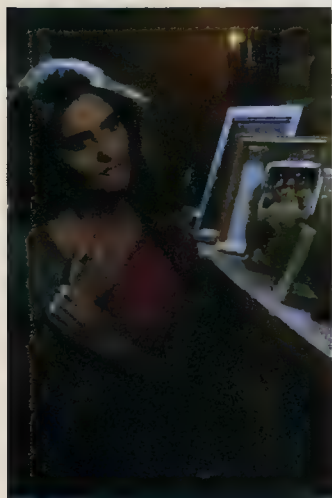

A detailed illustration of the X-O Manowar character. He is a muscular man wearing a blue and silver armored suit. The helmet has a visor and a small 'X' on the forehead. On his chest is a large circular emblem with a red 'X' on a blue background. He has orange and yellow wing-like structures on his arms and torso. The background is a dark, rocky landscape with green and yellow energy or smoke rising from the ground.

That night at  
Mitch's house.

Bool

Oh, you  
frightened

I was  
just looking  
at your pictures.  
You have a  
lovely son.

Later

Thanks.

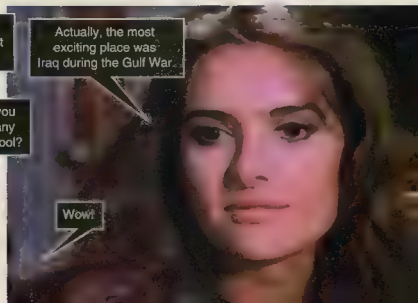

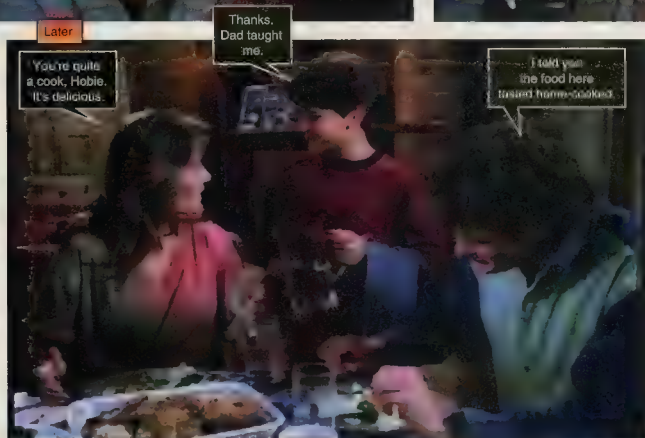

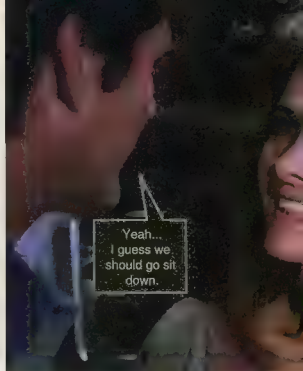

No...

I know this sounds comy...but has anyone ever told you how lovely your eyes are?

Well, they are.

MMMM  
Thank you.

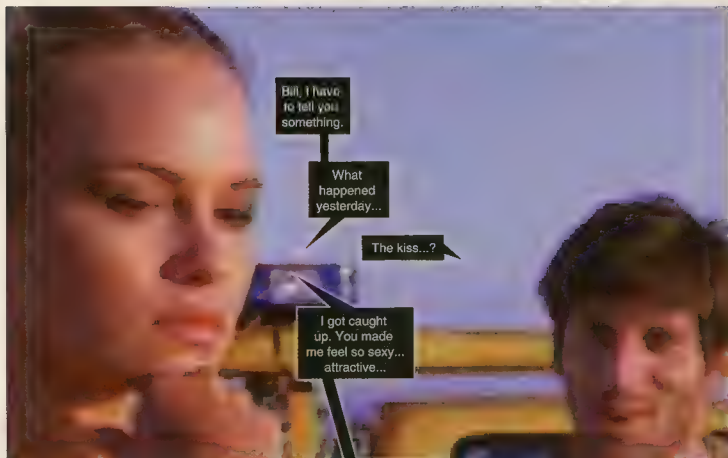

The next day at the beach.

There  
you are!

It's my watch.  
I have to keep an  
eye on the beach.

I've been  
looking all over  
for you!

Outside Maria's  
apartment

Thanks for coming,  
Mitch. I'm sorry it's  
on such short notice.

That's  
great!

The network called  
this morning. One of  
the delegates in the peace  
talks is granting a  
series of interviews...

...and he'll  
only speak  
to me.

But, Mitch...the  
interviews will be in...  
Bosnia. I'll be gone at least  
two months. Maybe longer.

Maybe I could  
come along...

A scene from the movie 'The Hot Chick' featuring a man and a woman in a conversation. The man, on the right, has dark, curly hair and is wearing a light blue button-down shirt. He is looking down and slightly to the left with a serious expression. The woman, on the left, has blonde hair and is wearing a grey top. She is looking towards the man. The background is a dense green hedge. Three speech bubbles are overlaid on the image, indicating a conversation about a job and school.

That wouldn't  
work would it?

No. You'd have to  
take Hobie out of school...  
then there's your job with Baywatch.

Then I guess  
this is really  
good-bye, then...

That night.

You know what  
REALLY stinks  
about it, Garner?

What's that?

I didn't know her  
long enough to have a  
serious relationship, but  
just long enough that I  
can't get her off my mind.

Well, I hope you've  
learned something out  
of all this, my friend.

What?

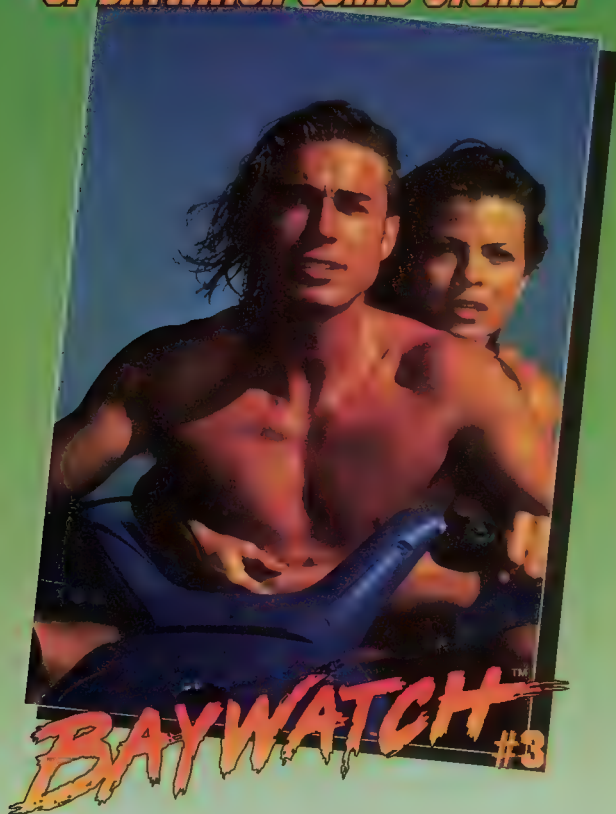

Next time you're taking  
that little survey of yours,  
ask them if they have a job  
that could yank them halfway  
around the world at a  
moment's notice!
